SCHEME TO SUPPORT OUR LOCAL BUSINESSES

On the map:
Local businesses based in Battenhall & St Peter's

As we come to the planned end of the second national lockdown there is concern about the financial stability of many people running their own small independent businesses living here in Battenhall & St Peter's.

Louis Stephen and Tom Piotrowski are working on an idea to **connect local businesses with each other and with their local community** so that we can support each other. This is being done by creating a map of local businesses. Louis: "I hope that we can encourage local businesses and residents to support each other by, wherever possible, using a local business from within our community."

The Battenhall and St Peter's Business Hub and map is currently work in progress. What do you think? Please take a look at the map and the new facebook group and let us know what you think.
